Designing Flawless Diamonds

We are Abov, specialising in creating jewellery rooted in today's youth's philosophy – Being E.A.S.Y.

The youth of today is more responsible and conscious about the environmental and social impact of their choices which draws them closer to brands that align with their ethos, philosophy, and ideologies.

Hence, we at Abov have adapted to the perspective of today's youth and curated specialised lab-grown diamond jewellery – ethically sourced, created, and designed.

Real. Valuable. Beautiful.

Lab-grown diamonds, just like wine, pearls, or truffles, are created in a controlled environment. They are made using the same amount of pressure and heat that creates an earth-mined diamond. The only difference between an earth-mined diamond and our lab-grown diamond is that ours is more ethically created.

We repeat: They are authentic, just like you! In fact, they are also certified as natural diamonds by the world's most prestigious and sophisticated gem laboratories.

Why choose Abov? Simple. We're E.A.S.Y.

Ethical: Our diamonds are not mined under harsh conditions from the earth. They're more ethically sourced and created.

Authentic: We're the real deal. Our diamonds are 100% authentic. They are genuine, and their authenticity is no different from that of the earth-mined diamonds.

Sustainable: Our diamonds will be your prized asset for a lifetime. Do you dream of passing your diamond from generation to generation as a family heirloom? You do not have to worry about them fading or clouding up. Go on and build your treasure trove!

Young: They're timeless. They're elegant. And most importantly, they appeal to the youth of today! The sheer choices available in designs, shapes, and variety are sure to appeal to the current trends and generations to come!
