JEWELLERY

Our high quality jewellery brand has pushed to achieve even higher level, with the latest collection of the Perfect Band series.

18K gold diamond bands are made with fully automated precision machinery used in industry which requires precise engineering such as watches, aerospace and high performance vehicles.

This groundbreaking method allows us to achieve flawless finishing and increased efficiency.

Open and closed channel, prong, pave, bezel, micro-prong, micro-pave diamond settings etc

Bringing true value to its customers for basic products

Premium and Consistent quality with no porosity in the metal and zero defects

Faster production cycle

# Prong
